

## PLUS PACK AS GROUP - QUALITY AND FOOD SAFETY POLICY

It is an important strategic goal for Plus Packs to be a good partner for our customers in the food industry.

We strive to build long-term relationships and partnerships so that we, together with our customers and suppliers, can invest in the transformation of food packaging into a circular economy.

An efficient management system is an important tool in implementing the overall company strategy – including focus on the following areas:

- *Customer focus*
- *Leadership*
- *Engagement of people*
- *Process orientation*
- *Improvement*
- *Evidence based decision making*
- *Relationship management*

The management system is based on risk and opportunity based thinking, helping to prioritize the most critical areas to Plus Pack and our stakeholders.

This includes production of food safe products as well as meeting applicable requirements, including legislation in the field, which is of outmost importance to the entire organization.

Plus Pack are continuously investing in systems, equipment and human resources to maintain and improve an efficient management system.

To ensure that the existing management system is well-functioning and updated, Plus Pack has been certified according to following management standards for several years:

- *ISO9001*
- *BRC Global Standard*

This policy is applicable for following sites in the Plus Pack Group:

- *Energivej 40, 5260 Odense S, Denmark (aluminium and plast materials)*
- *Henry Fordlaan 60, 3600 Genk, Belgium (aluminium materials)*
